Mayor Gears
825 W. Irving Blvd
Irving, TX

Dear Mayor Gears:

Thank you so much for the opportunity to meet with you today. We hope that our discussion will be productive in the way of ensuring that Irving is a city that respects all of its residents, particularly those who are immigrants.

As a coalition of organizations who are working to protect the rights of immigrants, we ask you to sign this letter below. Your signature is a commitment that you will work with our organizations against anti-immigrant legislation, including that which is currently being proposed in Irving. Your signature is also a commitment that you will not support Irving Police being required to work with the federal government toward the goal of deporting all undocumented immigrants, as has recently been implemented in Houston.

Regards,

Elisen Brim
